Journal - Office of Legislative Counsel

Wednesday - 20 September 1967

25X1  18.  John Reddan, Special Counsel of the Subcommittee on Special Investigations, House Armed Services. Also present were David Martineau and Labre Garcia. Mr. Proctor reviewed in some detail the desires of the Subcommittee for content in the proposed CIA briefing. It appears that they wish to go into considerable detail. It was agreed that Proctor would attempt to draw an outline for a first session for discussion with the Director and we would try to be in touch early next week.  25X1  19.  Bob Michaels, House Appropriations Committee staff, called to say the Chairman was interested in our comments on an item in the Lubbock Avalanche Journal of 6 September, under a byline by Ruth Montgomery and a Washington dateline, asserting that there are still IRBMs hidden in caves in Cuba and other points about Cuba. I advised Michaels we would look into this and advise.  25X1
